

Hi guys!

I'm working through WED on th scenery my hometown airfield, José Mendes Ribeiro (SSYR), in the city of São João dos Patos, Maranhão province, Brazil. It's real life code is assigned to another airport (Fazenda Santa Maria) in X-Plane 11. I already removed the ICAO code from the meta data of Fazenda Santa Maria and re-uploaded to the Gate way via WED. Now i'm filing a request for the new airport code, as instructed.

Thank you!

Dowglas Lima
